This Quarter issue:

- **Natality**
- **Mortality**
- **Acquisition and Transfer of Animals**
- **Earth Day**
- **Biodiversity Day**
- **World Environment Day**
- **Research Work Carried out in this quarter**
- **Work done in Taxidermy in this quarter**
- **Enrichment in this quarter**
- **Development work in this quarter**

From the Directors Desk...

It gives me great pleasure to present the second quarterly newsletter of the year. This quarter as usual includes natality and mortality of animals, transfer, and acquisition of animals from different zoos. Due to the ongoing lockdown in response to Covid-19 visits of schools, trainees, including visitors remain badly affected. Although the park managed to celebrate Earth Day, Biodiversity Day and World Environment Day online. The developmental work this quarter include construction of new herbivore enclosures and Construction of rain water harvesting storage tank at PNHZ Park.

I hope in the next quarter we will be able to come up with events and share with you.

**Director
PNHZ Park
Darjeeling**

NATALITY

SL.No	Name of Animals	Date of Birth	No
1.	Common Grey Langur (<i>Semnopithecus entellus</i>)	01.04.21	0:0:1

16.	Snow Leopard(<i>Panthera uncia</i>)	30.06.2021	1:0:0

Earth day

Earth Day is commended each year on April 22nd. It is a yearly occasion celebrated by individuals across the world to exhibit support for the well-being of the earth and raise open mindfulness about the issue. In 1970, the first Earth Day was commemorated for paying tribute to the loss of aquatic bodies in Santa Barbara. The theme for Earth Day 2021 was, '**Restore our Earth**', which focuses on natural processes, emerging green technologies, and innovative thinking that can restore the world's ecosystems. This year due to the Covid-19 outbreak the park celebrated Earth Day in a very subdued manner by installing bird feeder (Made up of mud pots) for wild birds on the tree branches around the zoo premises.

Biodiversity Day

The International Day for Biological Diversity is celebrated each year on 22nd May, a date dedicated to raising global awareness about the importance of protecting biological resources and the global biodiversity that shapes our environment — not only the various species of plants, animals and microorganisms around us, but also the genetic diversity of each of them, as well as the great variety of ecosystems that make up our planet.

PNHZ Park celebrates this environment days to raise awareness among people about the importance and necessity of these days each year by inviting and organizing outreach and educational programs for local schools. This year, due to the prevailing condition of the ongoing pandemic, the park decided to use social media. The day was celebrated by a short video message from the Director of PNHZ Park focusing on the theme of Biodiversity Day 2021, viz, **'We're part of the solution#fornature'**. The video was uploaded on our social media platforms to raise awareness.

World Environment Day

World Environment Day is celebrated annually on 5th June and is the United Nations' principal vehicle for encouraging awareness and action for the protection of the environment. This year PNHZ Park organised an online quiz competition to celebrate the World Environment Day.

The results of the quiz competition are as follows:

SL NO.	OBTAINED MARKS	NAME
1.	22 / 100	TCHV RAMANA
2.	58 / 100	Gracy Pradhan
3	30 / 100	Riya Mandal
4	20 / 100	MEENA
5	100 / 100	HARIOM MEENA
6	74 / 100	Namrata Ghosh
7	60 / 100	Sidharth Acharya
8	98 / 100	Dibyajyoti Jena
9	22 / 100	DineshBabu M
10	100 / 100	Sona Sivan

11	94 / 100	DHARAM.VISHAL

Visits of Dignitaries to PNHZ Park and their valuable comments

SL. NO.	Date of Visit	Name of the visitor	Address of visitor	Remarks
	12.04.2021 To 14.04.2021	Dr. S. P. Yadav ADG (PT) and MS, NTCA & CZA	MoEF&CC. GOI, New Delhi	Very well-maintained zoo with quite a few rare species. Keep it up.

Visit of Dignitaries

RESEARCH WORK CARRIED OUT IN THIS QUARTER

- **Project “Study on hematology and blood biochemistry of various species of captive mammals at Padmaja Naidu Himalayan Zoological Park”:**

In the ongoing project taken up by the Veterinary Department of the park, blood samples were collected from Himalayan goral, Tahr, blue sheep, snow leopard, and Himalayan wolf for analysis. A total of twenty-five hematological tests and forty-nine biochemical test was completed in this quarter, the detail of which has been summarized in the table below. Multiple sampling from the same serum samples was done for most of the individuals for biochemical examination to acquire more accurate results. Since a sufficient sample size for some animal species has been secured, the researcher is presently compiling the blood test reports for data analysis, to generate the reference intervals for the selected species.

Species	No. of times the blood samples were drawn for analysis	No. of hematological test done	No. of serum biochemical test done
Himalayan Goral	3	3	6
Himalayan Tahr	1	2	4
Blue Sheep	9	10	15
Snow Leopard	5	4	14
Himalayan Wolf	6	6	10
Total	24	25	49

Table: Details of the number of the hematobiochemical analysis completed during this quarter.

TAXIDERMY WORK DONE IN THIS QUARTER

SL. NO.	NAME OF SPECIMEN	DATE OF ACQUISITION	ACCESSION NO.	REMARKS
1	Himalayan Sherow	25.04.2021	BNHM/M/207	Skinned and Tanned
2	Himalayan Sherow Fawn	25.04.2021	BNHM/BS/10	Kept as bottled specimen
3	Temminck's Tragopan	18.05.2021	BNHM/PH/149	Skinned and Tanned
4	Himalayan Tahr Fawn	24.05.2021	BNHM/M/208	Skinned and Tanned
5	Burmese Rock Python	25.05.2021	BNHM/BP/01	Skinned, Tanned and Mounted. Body was buried on 31.05.2021 for extraction of skeleton for further display.
6	Common Leopard	06.06.2021	BNHM/M/209	Skinned, Tanned and under mounting process. Body was buried on 08.06.2021 for extraction of skeleton for further display.
7	Owl	06.06.2021	BNHM/A/001	Skinned, Tanned and kept as rolled specimen

ENRICHMENT IN THIS QUARTER

Platform for green fodders/ grass

Platform for bamboo leaves for Red Panda at Old C.B.C

New logs by replacing old ones

DEVELOPMENT IN THIS QUARTER

Construction of new herbivore enclosure

Construction of rainwater harvesting tank
